RULE 10. LIMITATION OF LIABILITY – PASSENGERS

For travel governed by the Montreal Convention

For the purpose of international carriage governed by the Montreal Convention, the liability rules set out in the Montreal Convention are fully incorporated herein and shall supersede and prevail over any provisions of this tariff which may be inconsistent with those rules.
For travel governed by the Warsaw Convention

Carriage hereunder is subject to the rules and limitations relating to liability established by the Warsaw Convention unless such carriage is not "international carriage", as defined by the Warsaw Convention. However, the carrier with respect to all international transportation, as defined in the said Convention, performed by it, agrees that the limit of liability for each passenger for death or wounding or other personal injury shall be limited to proven damages not to exceed the sum of SDR 100,000 exclusive of legal fees and cost.

For travel governed by either the Montreal Convention or the Warsaw Convention

Nothing herein shall be deemed to affect the rights and liabilities of the carrier with regard to any person who has willfully caused damage which resulted in death, wounding, or other bodily injury of a passenger.

RULE 11. LIMITATION OF LIABILITY – BAGGAGE OR GOODS AND EXCESS VALUATION CHARGES

For travel governed by the Montreal Convention

For the purpose of international carriage governed by the Montreal Convention, the liability rules set out in the Montreal Convention are fully incorporated herein and shall supersede and prevail over any provisions of this tariff which may be inconsistent with those rules.

NOTE: Notwithstanding the normal carrier liability, as contained in this Rule, the limit of liability will be waived for claims involving the loss of, damage to, or delay in delivery of mobility aids, when such items have been accepted as checked baggage or otherwise. In the event that a mobility aid is lost or damaged, compensation is to be based on the cost of the repair or replacement value of the mobility aid.

For travel governed by the Warsaw Convention

Carrier liability for the loss of, damage to or delay in the delivery of any personal property, including baggage which are carried as checked baggage and goods, is limited to the sum of 250 francs per kilogram, unless the passenger or charterer, at the time of presenting such baggage or goods for transportation, has declared a higher value and paid an additional charge in accordance with the provisions of this Rule.
Regarding objects of which the passenger takes charge himself/herself the liability of the carrier is limited to 5,000 francs per passenger.

NOTE: Notwithstanding the normal carrier liability, as contained in this Rule, the limit of liability will be waived for claims involving the loss of, damage to, or delay in delivery of mobility aids, when such items have been accepted as checked baggage or otherwise. In the event that a mobility aid is lost or damaged, compensation is to be based on the cost of the repair or replacement value of the mobility aid.

In the case of loss, damage or delay of part of property carried as checked baggage, the weight to be taken into consideration in determining the amount to which the carrier’s liability is limited shall be only the total weight of the property lost, damaged or delayed. Nevertheless, when the loss, damage or delay of a part of the property affects the value of other property covered by the same baggage check, the total weight of the property covered by the baggage check shall also be taken into consideration in determining the limit of liability.

The monetary unit referred to in this Rule shall be deemed to refer to the gold franc referred to in the Carriage by Air Act, R.S., c. C-26. For the purpose of settlement of claims and in the event of an action against the carrier, any sum in francs shall be converted into Canadian dollars by:

(a) converting francs into Special Drawing Rights at the rate of one Special Drawing Right for 15.075 francs; and

(b) converting Special Drawing Rights into Canadian dollars at the rate established by the International Monetary Fund.

The rate of exchange for converting Special Drawing Rights into Canadian dollars shall be the rate prevailing on the date on which the amount of any damage to be paid by the carrier is ascertained by a court or, in the event a settlement is agreed between carrier and claimant, on the date settlement is agreed.

NOTE: At the time of filing of this tariff provision, 250 francs convert to approximately CAD $33.00 and 5,000 francs convert to approximately CAD $660.00. These converted values are provided for general reference only. Carrier’s liability will be calculated for each claim individually, based on the formula set out in this Rule.

For travel governed by either the Montreal Convention or the Warsaw Convention

For explanation of abbreviations, reference marks and symbols used but not explained hereon, see Page 4.

ISSUE DATE       EFFECTIVE DATE
January 3, 2019   February 18, 2019

(2) When the substituted aircraft is capable of a larger payload than the original aircraft contracted, the payload carried in the substituted aircraft will not be greater than the payload which would have been available in the aircraft originally contracted, unless the party contracting for the use of the aircraft agrees to pay the rates and charges applicable to the substituted aircraft.

(3) When the maximum payload of the substituted aircraft is smaller than the maximum payload of the original aircraft contracted, charges will be based on the rates and charges applicable to the type of substituted aircraft.

(*) Applicable when the contract entails the use of the full capacity of the aircraft in question.

RULE 15. PAYMENT REQUIREMENTS

(1) Payments for a contracted flight made to any person to whom the carrier, directly or indirectly, has paid a commission or has agreed to pay a commission with respect to such flight, shall be considered payment to the carrier.

(1) When the cancellation is made more than 72 hours prior to the planned departure, no cancellation charges shall be levied.

(2) When the cancellation is made less than 72 hours but more than 48 hours prior to the planned departure of the first flight, the carrier will retain 50% of the total air transportation contract price.
(3) When the cancellation is made less than 48 hours prior to the planned departure of the first flight, the carrier will retain 100% of the total air transportation contract price.

**RULE 17. TICKETS**

The carrier does not issue tickets. There are still provisions for paper tickets, and they are still used in some applications, but the vast majority of “tickets” are now ticketless itineraries. For the intent of the following rules, the term “tickets” will mean both paper tickets and/or the ticketless equivalent.

**RULE 18. PASSENGER RE-ROUTING**
